

Bosch Garden Tools. 100% Quality, 100% Service.

Tested and guaranteed

Extensive, continuous endurance-testing and production line sampling ensure that only the best quality products leave the Bosch factory. Our comprehensive 2 year warranty (or 3 years when you register through 'MyBosch'!) on all Bosch tools* are proof of our confidence in our quality control procedures. More detailed information can be found in the warranty declaration at www.bosch-garden.com, or to read about our extended 3 year warranty visit www.mybosch-tools.com.

*Batteries and chargers come with a 1 year warranty and can not be extended.

Bosch Garden Tools 2017

Home made by you.

With Bosch garden tools

Bosch technology delivers innovative solutions for the home and garden.

Bosch is a market leader in developing and manufacturing a comprehensive range of innovative and efficient powered garden products. Bosch tools and their accessories are of the highest quality and are designed with the user in mind, so whether mowing the lawn, cutting hedges or pressure washing the patio, Bosch garden tools make outdoor tasks both quicker and easier.

Bosch products are constantly improved and enhanced too, with innovations at the forefront of our thinking. These innovations, along with the fact that garden tools from Bosch are powerful, lightweight and easy to handle, mean that Bosch really is the perfect choice for all gardeners and retailers alike.

A beautiful lawn

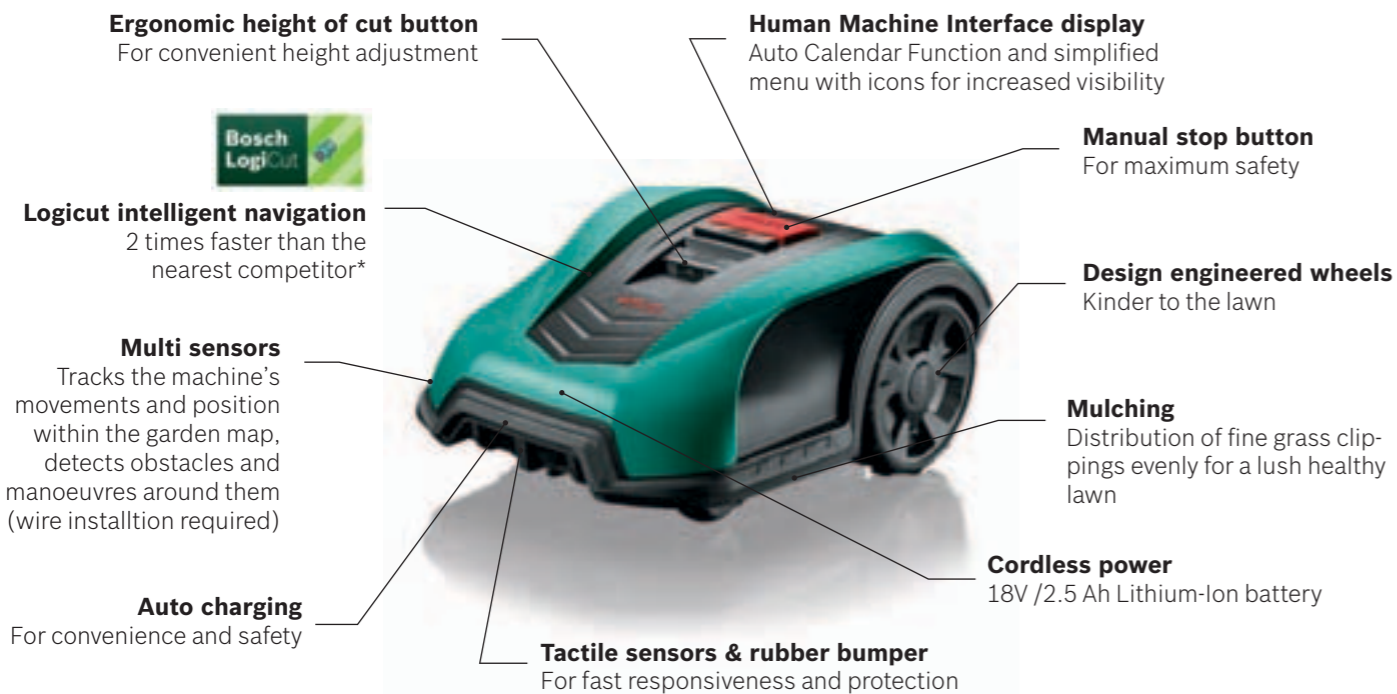

And everything you need
to maintain it.

The type of lawnmower you require depends on the size of your lawn and what you use it for. We've got all the tools to help you keep your lawn in tip-top condition.

Lawn Care

Indego 350 Indego 350 Connect Indego 400 Connect

The new Indego 350 offers an easy way to a luscious looking lawn. Due to its Logicut System it offers 2 times faster mowing than the nearest competitor.* Small design – perfect fit for urban gardens.

*Based on tests carried out using the EGMF performance standards for a 197m² lawn.

Bosch auto calendar function

The new calendar function automatically calculates the ideal mowing cycle based on the actual lawn size. Manual calendar programming is no longer necessary.

Bosch Auto Calendar Function works in two ways:

1. Bosch Intelligent Calendar

After mapping the lawn, the mower will suggest to the user the Bosch Auto Calendar Function suited to the size of their lawn.

The user can then edit the number of full cuts per week and on which days.

2. Additional schedule / calendar

Alternatively the user can create their own calendar and the mower will inform them about the number of full cuts per week so they can easily adjust their calendar and still be fully flexible.

Key product features

Quick Blade Stop

PIN Protection & Alarm

Automatic Charging

Bump Sensor

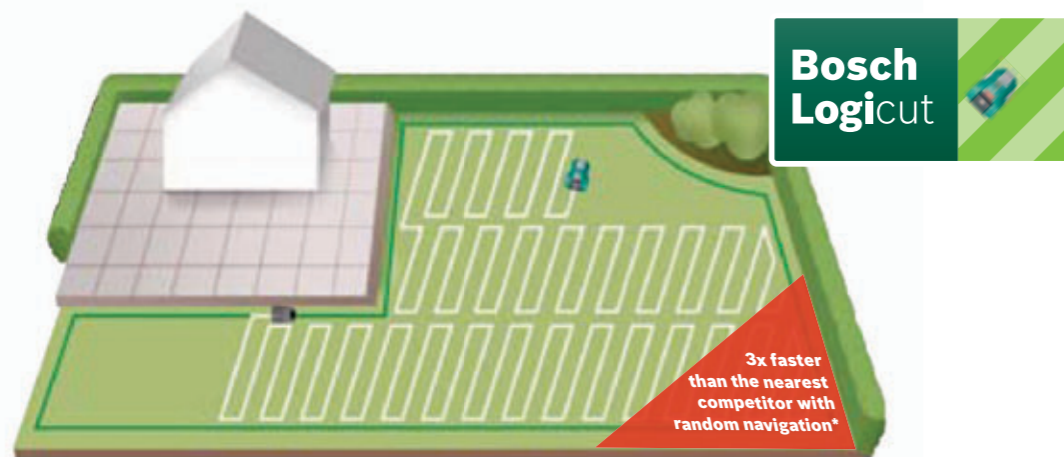

Ergonomic Height of Cut Button

Design Engineered Wheels

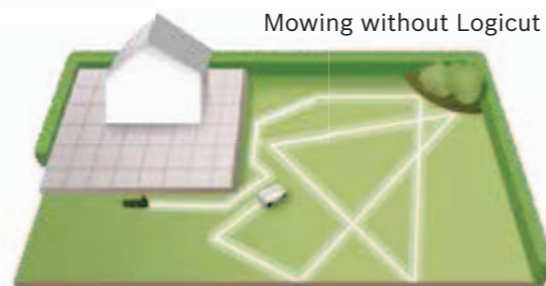

Efficient in every way

*Based on tests carried out using the EGMF performance standards for a 497 m² lawn.

Mowing Time (average)

200m² in 2 hours
 500m² in 6 hours
 800m² in 9 hours
 1000m² in 12 hours

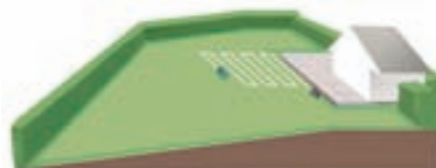

Efficiency comes in many shapes and sizes

So do the gardens.

Simple Garden
 Simple and fast, the most efficient garden shape!

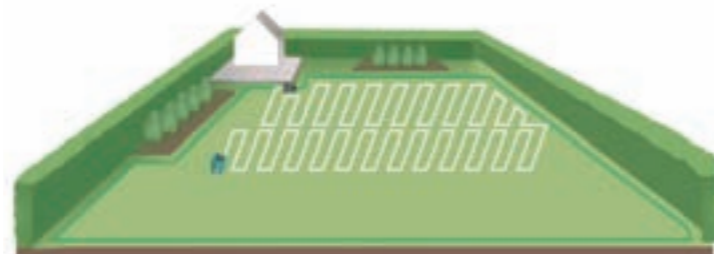

Sloped Garden
 Some gardens come with an angle. Slopes of up to 35% are no problem for the Indego.

Complex Garden
 The Indego is able to provide very complex gardens with the perfect cut.

Irregular Garden
 Sprawling, irregular gardens are systematically and efficiently managed.

Larger Garden
 Larger gardens up to 1,000 m² of lawn can be cut with ease too.

Free Bosch gardening app

Download and experience in demo mode now.

The Bosch smart gardening app, available from the Google play store, Android and iOS App Store works with all Indego Connect robotic mowers.

Control
 Start, pause and dock your Indego Connect wherever you are, whenever you want.

Calendar
 Set up and edit your cutting schedules via your smart device

Map
 See the layout of your lawn mapped by Indego

Alerts
 Be informed should the Indego Connect require attention.

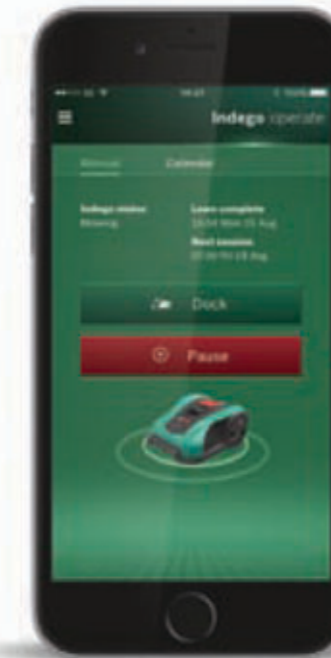

FAQs
 Find solutions and suggestions for your questions including "How to" videos.

Settings
 Edit user, mower and security settings as required

Indego 350 Connect and Indego 400 Connect

With the Bosch Indego Connect 350 or 400 robotic lawnmowers you are able to manage your lawn with the touch of your fingertips. Just set the mower up on your lawn, install the free app and enjoy the time you save. The clever Indego app enables you to control your Indego from wherever you might be in the world, at the push of a button, so your lawn can always be in perfect condition.

Anytime

Anywhere

*All app screens shown are for illustration purposes only and differ depending on Indego model and mobile device used.

Connected technology

GSM technology keeps you connected to your mower, wherever you are.

Free connectivity

No costs to pay for data received or sent by the mower. No contracts to sign.

Remote software updates

The latest Indego Connect software can be delivered to your machine remotely and automatically!

Cordless power, superior finish

Rotak 43 LI Ergoflex

If you find extension cords or petrol a hassle, our Rotak cordless mowers could be just the thing for you. They give you power, freedom and energy efficiency. Rotak's hardened precision blade enables cutting of all types of grass and extended grass combs mow close to the edge; thus making extra trimming a thing of the past. At the same time, the optimized airflow effectively collects up to 99% of all clippings to leave your lawn neat and tidy. With the "Powerdrive LI+" motor, a 36 V Lithium-Ion battery and integrated Syneon Chip, the cordless Rotak has a great deal of power for lawned areas as large as 600 m².

Central height-of-cut adjustment
For quick and easy change of cutting height

Integrated handle & lightweight design
For easy transportation

Cordless power
36 V / 4.0 Ah battery for long runtime (up to 600m²). No memory-effect, no self-discharge, always ready to use

Powerdrive LI+ system
Ensures a reliable cut, even under difficult circumstances

50 litre grassbox
For less time spent emptying

Quick Click
For easy and fast assembly

Rear roller
Creates perfect stripes

Extended grass combs
Cut close to the edge of walls, flower beds and lawns

Sharp steel blade
Rotary hardened steel blade with LeafCollect

Rotak* certified & recommended
Ergonomically designed and adjustable handles to improve body posture and reduce muscle strain while mowing

Deep cutting for moss removal and reseeding

AVR 1100 Verticutter

Does your lawn look unhealthy and suffer from moss, weeds and thatch? Give your lawn a new lease of life with the AVR 1100 Verticutter. Saving you time and effort, the height adjustable boron steel blades effectively and efficiently remove both rooted and surface debris, resulting in a perfectly maintained lawn all year round.

Compacts storage
Double folding handle, stackable collection box

Large 50 litre collection box
For less time spent emptying

Jet-Collect System
Innovative drum with boron steel blades and airflow inlets quickly and completely removes the layer of thatch consisting of plant debris, moss and weeds from the lawn

Four raking heights
To suit different lawn conditions

1100 W motor power
Rotating steel blades
32 cm cutting width
10/5mm working height
50 L grass box
10 kg

Part No. 0 600 88A 170
EAN code. 3165140.512923

Jet-Collect System
Innovative drum with boron steel blades and airflow inlets quickly and completely removes the layer of thatch consisting of plant debris, moss and weeds from the lawn.

Efficient
The verticutter frees the turf from thatch, moss, weeds and dead grass. Scarifying the surface opens the soil to enable the exchange of water and gas, stimulating stronger healthy growth of the lawn.

Powerdrive Motor
1100 W Powerdrive motor provides superior power and more torque for efficient moss removal

Lawnraker

ALR 900 Lawnraker

Efficient and intensive care for your lawn by removing moss and thatch with ease

900 W motor power
Double steel tines
32 cm cutting width
5/10mm working height
50 L grass box
9.4 kg

- Compact storage
- Jet-Collect System
- Double carbon steel tines
- 4 height settings

Part No. 0 600 88A 070
EAN code. 3165140.512916

Hand Lawnmower

AHM 38 G

Precise scissor-like cut

38 cm cutting width
15-43 mm cutting height
5 cylinder blades
25 L grass box
7.5 kg

- Easy-to-use bar for better ergonomics
- Cylinder cut system with 5 curved blades made from hardened steel
- "Click" locking mechanism for tool-free setting of the bottom blade
- Cutting height adjustment
- Rear roller

Part No. 0 600 886 103
EAN: 3165140.578929

No petrol. No cable. Full power.

ART 30-36 LI

ART 30-36 LI is a well balanced and easy to use trimmer with a powerful 36 V Lithium-Ion battery which makes it a great solution for areas of tougher growth. Featuring an easy to operate two speed trigger switch, it delivers optimal power and control when cutting. An ergonomic and adjustable auxiliary handle ensure comfortable handling on overgrown areas.

Variable speed
Two-speed trigger for reliable longer term power delivery

Comfortable handling
Extended soft-grip provides users a comfortable holding position

36 V / 2.6 Ah Lithium-Ion battery
For long runtime. No memory-effect, no self-discharge, always ready to use

Well balanced
4.2 kg tool to minimise strain on arms whilst working, with integrated handle for easier handling

Plant protector
Precise trimming around fragile plants

Dual line automatic feed
For reliable, uninterrupted trimming

30 cm cutting diameter | 36 V / 2.6 Ah battery | 4.2 kg

Part No. 0 600 878 N70
EAN code: 3165140.721677

Powerful
Powered by 36V/2.6 Ah Lithium-Ion battery, interchangeable with other Bosch 36V tools.

Syneon Chip
The integrated Bosch Syneon Chip provides just the right amount of energy required for your project, delivering optimum power and maximum endurance.

Ergonomic and well balanced
Soft-grip handling and low weight ensures ease of use.

Cordless Grass Trimmers

EasyGrassCut 12-230

Enjoy total freedom of movement without any cables to restrict your use

23 cm cutting diameter | 12 V / 2.0 Ah battery | 45 min charge time | 1.9 kg

- 12 V / 2.0 Ah Lithium-Ion Battery
- Innovative Durablade cutting system

Part No. 0 600 8A8 172
EAN code. 3165140.882309

ART 23-18 LI

Innovative Durablade system delivers excellent cutting performance and lasts up to 12 times longer than its predecessor

23 cm cutting diameter | 18 V / 2.5 Ah battery | 60 min charge time | 2.3 kg

- 18V / 2.5 Ah Lithium-Ion Battery
- Innovative Durablade cutting system
- Telescopic handle

Part No. 0 600 8A5 C72
EAN code. 3165140.850414

High performance cutting with hassle free automatic line feeding

ART 30

The Bosch ART 30 grass trimmer comes with a 550 W motor which provides a quick, clean finish. The automatic line-feeding system minimises management of the line and with one click of a button you can quickly change from trimming to edging mode. The ergonomic handles make the tool easy to operate, whilst providing a well balanced distribution of weight.

550 W motor power
30 cm cutting diameter
1.6 mm x 6 m cutting line
2.8 kg

Part No. 0 600 8A5 470
EAN code. 3165140.689199

Automatic twin line system
Hassle free system which minimises the need for the user to manage the line.

Ergonomic
Fully adjustable handle, lightweight design and one click height adjustment ensures comfortable use in all positions.

Convenient
With one click of the button you can go from trimming to edging whilst enjoying an effortless trimming experience with the soft grip handle.

Corded Grass Trimmers

ART 23 SL

Easy to operate, powerful trimmer

280 W motor power
23 cm cutting diameter
1.7 kg

- 1.6 mm x 4 m cutting line
- "Semi-Auto Feed" System that automatically releases the trimmer line when the tool is switched on

Part No. 0 600 8A5 070
EAN code. 3165140.689038

ART 24

High performance cutting with hassle free automatic line feeding

400 W motor power
24 cm cutting diameter
2.4 kg

- 1.6 mm x 6 m cutting line
- Automatic line feed system
- Height adjustable handle

Part No. 0 600 8A5 870
EAN code. 3165140.837569

ART 35

Ideal for cutting high and hard grass, meadows and wild corners of the garden

600 W motor power
35 cm cutting diameter
4.6 kg

- 1.6 mm x 8 m cutting line
- Reliable "Pro-Tap" spool which prevents the line getting tangled up when the spool is changed

Part No. 0 600 878 M70
EAN code. 3165140.649599

AFS 23-37

Suitable for any kind of trimming, from normal grass to stubborn growth and established weeds

950 W motor power
23 cm blade cut diameter
37 cm line cut diameter
5.2 kg

- Combi-guard system for easy change of heads
- Combi-cutting system for easy change between line and blade

Perfectly shaped

The best tools for cutting.

Regular cutting is by far the most important way of looking after your shrubs and hedges, but it is essential that you choose the right tools to do it.

BOSCH

Invented for life

Hedge Care

Only one sweep to the perfect hedge

AHS 55-20 LI

The AHS 55-20 LI hedgecutter provides cordless mobility with maximum power. The combination of 500 mm blade length, 20 mm tooth opening and the electronic “Anti-Blocking System” for continuous cutting ensures you’ve got the right garden tool to get the job done. Thanks to the intelligent Bosch Syneon Chip the battery delivers more runtime so that even complex projects are easy to handle. The innovative Quick-Cut Technology ensures that twigs and branches are cut first time round – enabling a quick and efficient hedge cutting.

55 cm blade length
20 mm tooth opening
18 V / 2.5 Ah battery
45 min charge time
200 m² per charge
2.5 kg

Part No. 0 600 849 G70
EAN code. 3165140.830416

“Anti-Blocking System”
Puts an end to annoying jams and stalls so you can work without interruptions.

Quick-Cut Technology.
Innovative Quick-Cut Technology ensures that hedgecutter blades stay open for longer, providing an extremely efficient cut - the perfect cut in one clean sweep.

Cordless freedom
No more having to untangle the cable or risking cutting through it.

Cordless Hedgecutters

EasyHedgeCut 12-35

Lightweight hedgecutter for trimming small and young hedges.

35 cm blade length
15 mm tooth opening
12 V / 2.5 Ah battery
65 min charge time
110 m² per charge
1.9 kg

- Anti-Blocking System.

Part No. 0 600 849 B72
EAN code. 3165140.883955

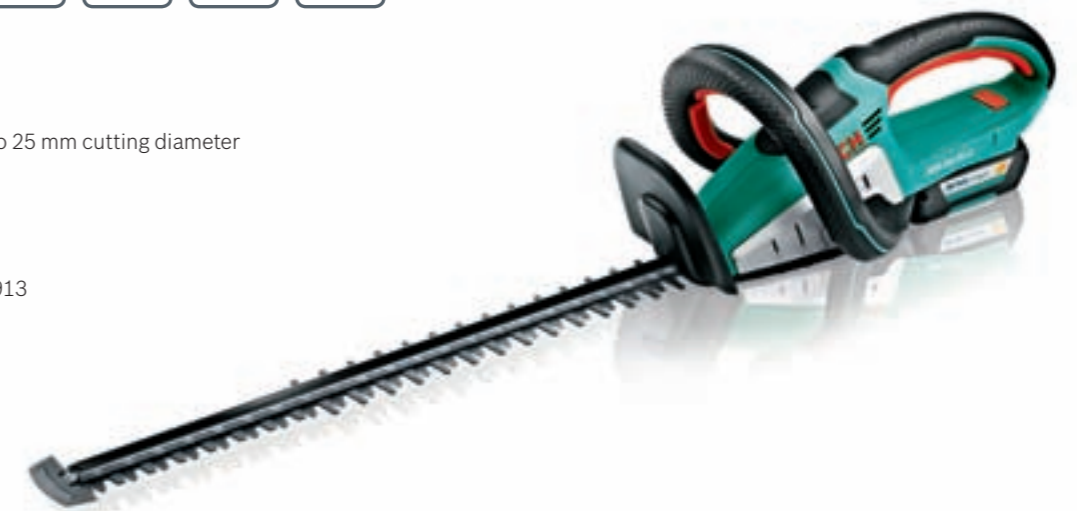

AHS 54-20 LI

Powerful hedgecutter for trimming larger hedges.

54 cm blade length
20 mm tooth opening
36 V / 1.3 Ah battery
45 min charge time
200 m² per charge
3.5 kg

- Anti-Blocking System.
- Sawing function. Up to 25 mm cutting diameter
- Blade tip protector

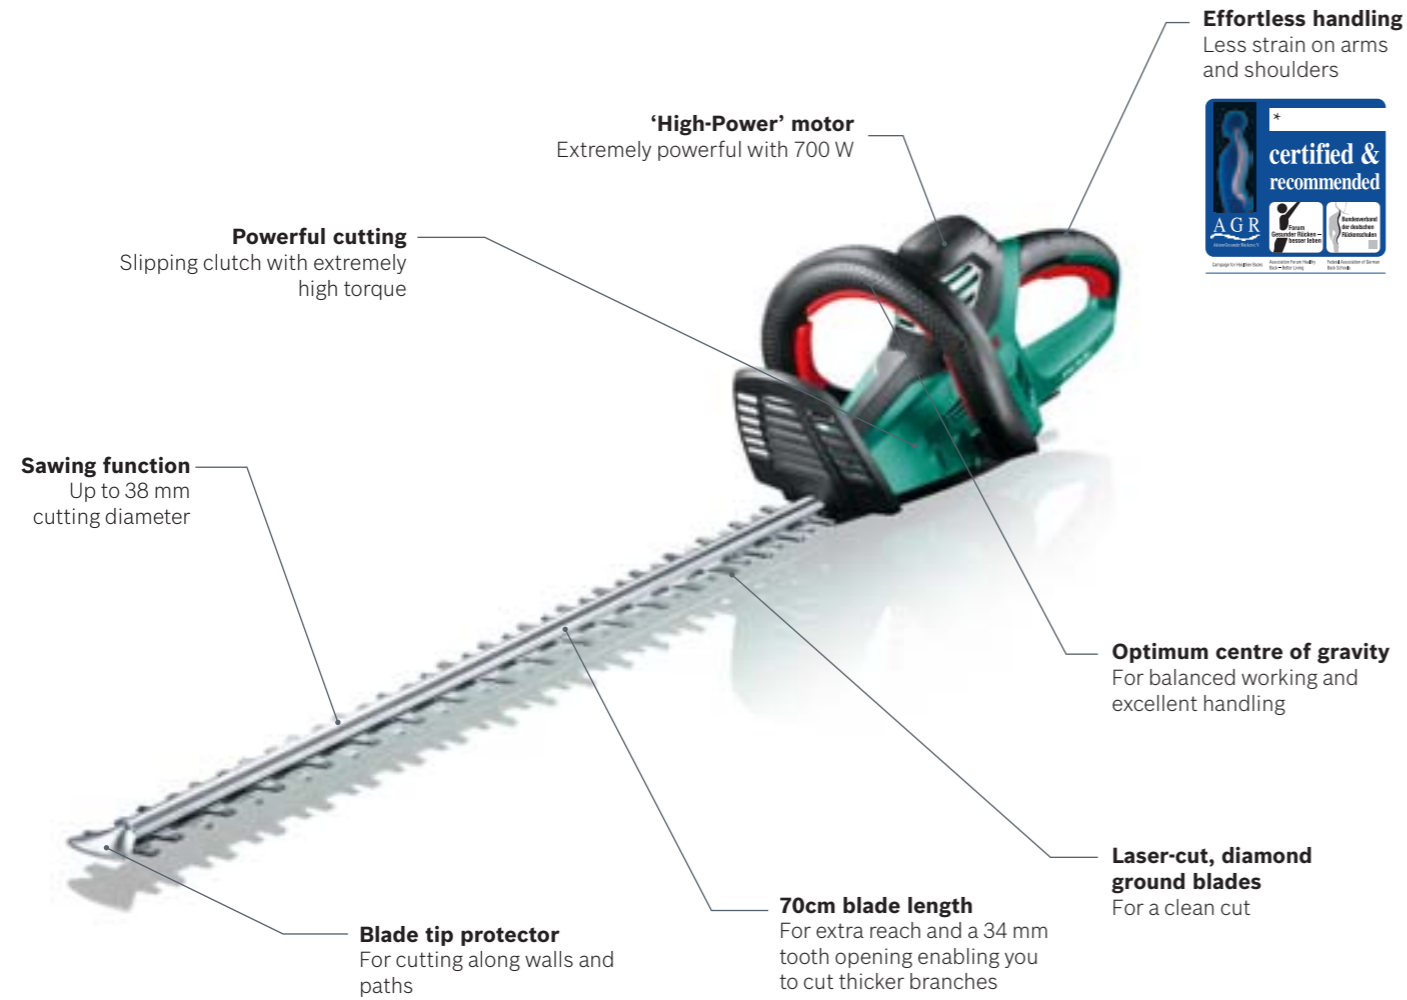

Part No. 0 600 84A 170
EAN code. 3165140.513913

Lightweight and extremely powerful for the toughest jobs

AHS 70-34

The AHS 70-34 is lightweight and extremely powerful. Nimble, yet effective, it lets you cut through thick branches easily and with minimal strain on your back and arms. It's up to 15% lighter than any of our previous models, and its multi-position handle and smaller dimensions allow you to work easily in different positions.

700 W motor power
70 cm blade length
34 mm tooth opening
3.9 kg

Part No. 0 600 847 K70
EAN code. 3165140.643672

Optimum handling
Well-balanced design and low weight for less strain on your arms and back.

Easy-to-use
See-through hand guard, softgrip handle and multiple switching positions ensure safer and more comfortable cutting.

Maximum performance
700 W motor and a newly-designed blade with sawing function and 34 mm tooth opening.

Corded Hedgecutters

Compact yet powerful and versatile

Isio grass and shrub shear

The multi-functional power unit can be used with a range of gardening attachments such as a grass shear, shrub shear, sprayer and a spreader and thanks to the innovative 'Multi-Click System' changing them could not be easier. The 3.6 V Lithium-Ion battery gives you up to 50 minutes run time on a single battery charge. The Isio can also be used with a telescopic handle – assisting you to cut lawn edges without having to bend down. The ergonomic design and its weight of only 0.55 kg makes the Isio even more versatile and convenient to use.

3.6 V / 1.5 Ah battery
3.5 hr charge time
8 mm tooth opening
12 cm shrub blade (L)
8 cm grass blade (W)
0.55 kg

Set
Part No. 0 600 833 172
EAN code. 3165140.630757

Compact and multi-functional
The Isio can be used with a range of attachments such as the shrub shear, grass shear, sprayer, spreader and the telescopic handle.

'Multi-Click System'
The innovative 'Multi-Click System' makes changing attachments easier than ever.

Compact and lightweight
Only 0.55 kg and highly maneuverable, Isio helps you tidy your lawn to perfection with minimal effort.

Neat and tidy

With Bosch garden tools
for tree care.

For you to be able to enjoy a tidy garden,
having the right saws and shredders is
essential.

Tree Care

No Petrol. No Cable. Full Power.

AKE 30 LI

Choosing the AKE 30 LI gives you one of the most efficient, powerful and easy-to-use cordless chainsaws on the market. There are no cables, no extension leads and none of the hassle of petrol start up. The AKE 30 LI is always ready to use and can handle any cutting task around your garden.

Ergonomic handles
Softgrip and ergonomic shape for increased manoeuvrability

Oil level indicator and automatic oiling
To avoid running the chainsaw dry

Dual brake system
Rapid rundown brake for normal operation plus electronic kick back brake with audible warning for increased safety

Compact design
With 30 cm bar length

Tool-less SDS system
For a quick and easy set-up and maintenance

36 V / 2.6 Ah High Power Lithium - Ion battery
Provides high performance for all garden tasks. No memory-effect, no self-discharge, always ready to use

Environmental label "Blauer Engel" awarded for low noise and low emission garden tools. RAL-UZ 129.

36 V / 2.6 Ah battery | 90 min charge time | 30 cm blade length | 8 m/sec chain speed | 135 ml oil tank | 5.2 kg

Part No. 0 600 837 170
EAN code. 3165140.559393

Quick start
No untangling cables, no petrol start up hassle – always ready to use.

Cordless freedom
Cordless Lithium-Ion power delivers over 100 cuts in 10 x 10 cm pine wood with one battery charge due to the integrated Bosch Syneon Chip.

Powerful
Efficient high performance electric motor that copes with any task around your garden.

Corded Chainsaws

AKE 35 S

Perfect for light garden tasks

1800 W motor power | 35 cm blade length | 9 m/sec chain speed | 1.1 mm drive link | 4.0 kg

- SDS system

- SDS system
- Automatic lubrication
- Quick Stop

Part No. 0 600 836 F42
EAN code. 3165140.467315

Cuts effort as well as branches

Keo cordless garden saw

The Keo garden saw offers effortless cutting for your garden tasks. The unique 'A-Grip' feature ensures that unsupported branches are held in place whilst the Swiss precision blade effortlessly cuts through at the push of a trigger, making pruning a single-handed and hassle-free task.

Battery Status indicator
Practical 4-phase LED display showing battery status

Ergonomic handle
Softgrip and ergonomic shape for increased manoeuvrability

SDS blade replacement system
For an easy to change blade to use on a variety of garden materials

10.8 V Lithium-Ion integrated battery
For a powerful performance. No memory-effect, no self-discharge, always ready to use

Quick stop and hand guard
For increased safety

Lightweight
Only 1.1 kg

Swiss precision blade
For a clean cut of up to 80 mm* diameter

Detachable 'A-Grip'
For improved performance in unsupported branches

Keo
Part No. 0 600 861 970
EAN code. 3165140.602938

Keo set
Part No. 0 600 861 971
EAN code. 3165140.649216

10.8 V / 1.5 Ah battery **3.5 hr charge time** **80 mm cutting capacity** **1.1 kg**

ALL STAR

* 60 mm with a "A-Grip" and 80 mm without

Versatile
Five blades available as accessories for multiple DIY uses around the home and garden

Effortless cutting
Versatile help around house and garden. Cuts branches up to 80 mm with the push of a trigger. Delivers up to 30 cuts of 60 mm diameter or up to 190 cuts of 15 mm diameter per battery charge.

Hassle free
Detachable 'A-Grip' that holds the unsupported branches while cutting – no second hand required.

Versatile, multi-purpose shredder

AXT 25 TC

The Bosch AXT 25 TC quiet shredder uses a 'Turbine-Cut System' which provides extremely fast material throughput, easily shredding branches and shrubs of up to 45 mm thickness. You also get your work finished more quickly due to the automatic, fast feed hopper. This section is also removable, allowing for compact and practical storage.

Automatic feed and low noise levels
For extremely convenient shredding

Removable hopper
For easy and compact storage

Cutting capacity of up to 45 mm
For powerful shredding

'Turbine-Cut System'
Innovative cutting system with motor power of 2500 W

Practical collection box
53 L capacity for easier collection of the shredded material

Collection box safety function
The tool only works when the collection box is in position

DER BLAUE ENGEL
Environmental label "Blauer Engel" awarded for low noise and low emission garden tools. RAL-UZ 129.

2500 W motor power **45 mm cutting capacity** **230 kg/h material throughput** **41 rpm cutting speed** **53 L collection box** **30.5 kg**

Part No. 0 600 803 370
EAN code. 3165140.465373

Top performance
Up to 230 kg/h material throughput and up to 45 mm branch diameter cutting capacity.

'Turbine-Cut System'
The 'Turbine-Cut System' guarantees extremely fast material throughput from greenery to hard wood whilst avoiding blockages.

Convenient
Removable hopper is stored in the large collection box – only 67 cm in height when stored, ideal for compact storage.

AMW Multi-tool

Less is more: The all purpose tool for the all purpose lifestyle.

The AMW Multi-tool system is your all-in-one device for a broad range of garden tasks. With a motorised unit and diverse attachments, it is ideal for hedgecutting, pruning, trimming and clearing - saving you the the hassle of having multiple tools.

 **BOSCH**
Invented for life

Multi-tool

The all purpose tool for the all purpose lifestyle

AMW Multi-tool

Power Unit AMW 10

Every feature and design element of the Multi-tool system is constructed to deliver outstanding performance, user comfort and convenience.

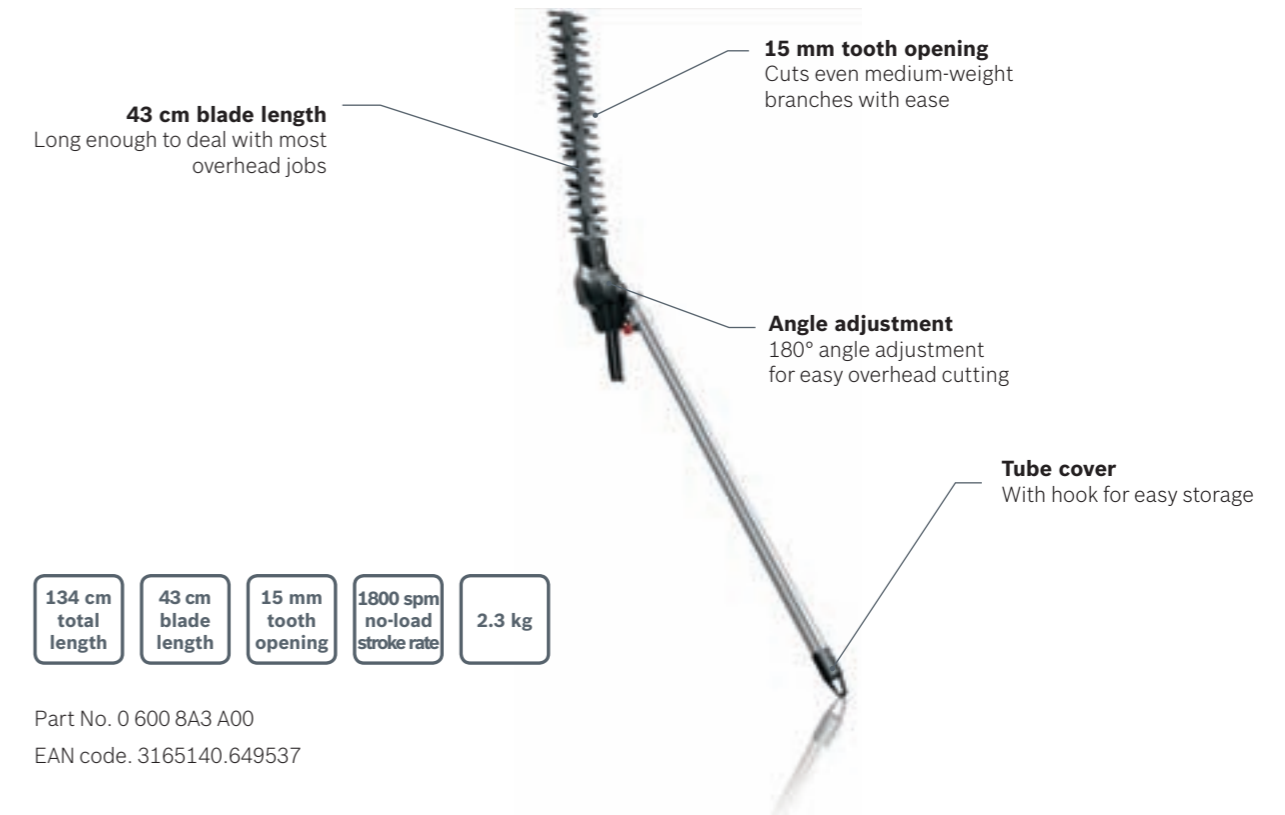

Quick attachment change
No tools are needed to switch between applications.

Powerful
1000 W motor delivers outstanding cutting performance.

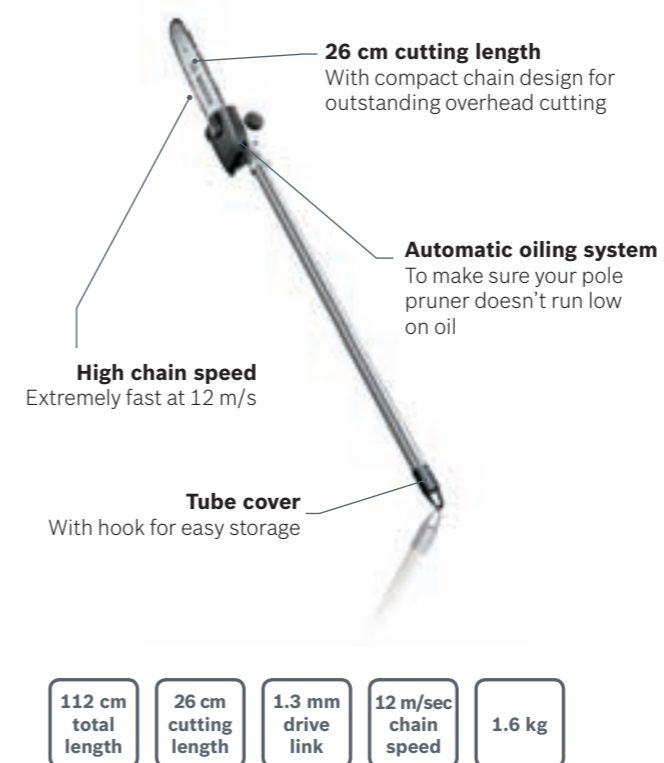

Versatile
Tackle hedge cutting, pruning, trimming clearing and heavy-duty trimming for overgrown areas.

BOSCH
Invented for life

Tidying made easy

Keeping your garden neat and tidy.

If you like everything in the garden to be kept clean and tidy, then there is nothing better than Bosch outdoor clearing tools. Bosch is proud to offer three high performance products in its outdoor clearing range: two leaf blowers and a garden vacuum. These tools are ideal for removing leaves and waste from your garden.

Outdoor Clearing

Tidy up wherever you want

ALB 36 LI

Packed with 250 km/h of blowing power and an innovative speed control system, our ALB 36 LI garden blower is the ultimate garden clearing tool. Thanks to its ergonomic design and improved battery life, this 36 V cordless tool delivers the mobility and power you need to get the job done.

36 V / 2.6 Ah battery

95 min charge time

250 km/h blowing speed

2.8 kg

Part No. 0 600 8A0 470
EAN code. 3165140.721745

Effortless operation
The intuitive ergonomic and lightweight design enable comfortable working around the garden.

Syneon Chip
The integrated Bosch Syneon Chip provides just the right amount of energy required for your project, delivering optimum power and maximum endurance.

Optimal speed control
for efficient blowing and different debris gathering applications.

Cordless freedom for enjoyable gardening

ALB 18 LI

Cordless ALB 18 LI leaf blower gives you the freedom to clear and sweep leaves anywhere in the garden. And as the battery has no memory effect and doesn't self-discharge, it delivers long-lasting power and maximum runtime for totally efficient outdoor cleaning.

18 V / 2.5 Ah battery

90 min charge time

210 km/h blowing speed

1.8 kg

Part No. 0 600 8A0 571
EAN code. 3165140.843249

Easy storage
Detachable blower tube - ideal for compact storage

Lightweight
Weight of only 1.8 kg for effortless cleaning with less strain on your arms while working.

Powerful
Air speed of 210 km/h for easy removal of leaves on patios and garden areas.

The only problem you'll have is running out of leaves

ALS 2500

Our corded garden vacuum sucks up the most stubborn garden waste, allowing the shredder function to condense the amount of waste deposited for ideal compost material. This becomes the most effortless way to collect garden leaves.

Lightweight
3.2 kg (blow) and 4.4 kg (vac) for effortless way to collect garden leaves

Adjustable handle and padded shoulder strap
For comfortable use without pain in shoulders or arms

Longer working time
Shredding ratio 10:1 – more compact leaves for better composting

Easy to use 45 L collection bag
Second handle and zipper for easy emptying of the bag

Blowing speed
Maximum blowing speed of 300 km/h for removing sticky, wet leaves

Powerful performance
2500 W motor power and up to 800 m³/h volume flow rate

2500 W motor power	300 km/h blowing speed	45 L collection bag	3.2 kg leaf blower	4.4 kg garden vac
--------------------	------------------------	---------------------	--------------------	-------------------

Part No. 0 600 8A1 071
EAN code. 3165140.732581

Effortless control
Ergonomic handles, designed specifically for improved balance and comfort.

Easy to use
45 L collection bag with second handle and zipper for easy emptying of the bag

Longer working
10:1 shredding meaning fewer trips to the compost heap.

Effortless cleaning

Quick to connect, just add you.

The High-Pressure Washer range from Bosch provides the effortless solution for all of your outdoor cleaning needs. Ranging from models for smaller tasks to more powerful products for regular and high performance cleaning. All ready to use straight out of the box.

BOSCH

Invented for life

High-Pressure Washers

Compact high-pressure washers for effortless cleaning performance

Convenient

Compact and lightweight design makes it easy to move around and store at home.

Easy to set up and use

Ready to use straight out of the box.

Powerful

Choose from powerful 1300 W or 1500 W motor and ensure outstanding results every time.

Faster and easier

Application of soap with the high-pressure foam nozzle.

EasyAquatak

The **EasyAquatak** range with a new high-efficiency pump is the ideal solution for occasional outdoor cleaning tasks. The AQT 33-11 and the **EasyAquatak 120** come with a high-pressure foam nozzle, a fixed fan jet nozzle, a high-pressure hose, a clear water filter and a gun including lance. The **EasyAquatak 120** also comes with a useful roto nozzle for tougher cleaning tasks.

EasyAquatak 120

1500 W motor power
120 bar max. pressure
350 l/h max. flow rate

Part No. 0 600 8A7 940
EAN code. 3165140.882682

AQT 33-11

1300 W motor power
110 bar max. pressure
330 l/h max. flow rate

Part number: 0 600 8A7 670
EAN code: 3165140.805452

Faster, quieter and easier for a range of outdoor cleaning Tasks

Fast and flexible cleaning

The new improved 3-in-1 nozzle with a fan jet, roto nozzle, and now a powerful pencil jet enables flexible cleaning with a single and easy to adjust nozzle.

Quality sound and reduced noise level

The revised 3-cylinder metal pump runs stronger at a lower motor speed, which also reduces unwelcome noise.

For a range of cleaning tasks

All around your home.

Quick set-up, easy to handle and store

Storing on a shelf is no longer a problem with the all new lifting handle and the larger wheels improve mobility when on the ground.

UniversalAquatak

The **UniversalAquatak** range includes three compact models equipped with a new 3-in-1 nozzle for fast and flexible cleaning. They are now even easier to set up and manoeuvre and quieter to operate.

UniversalAquatak 125

1500 W motor power	125 bar max. pressure	360 l/h max. flow rate

1900 W motor power	135 bar max. pressure	410 l/h max. flow rate
--------------------------	-----------------------------	------------------------------

Part No. 0 600 8A7 C70
EAN code. 3165140.883825

Powerful cleaning performance through quad pump technology

Amazing cleaning power
At the heart of the new **AdvancedAquatak 150 and 160** models is a new and unique, four cylinder, Quad pump.

Making tougher jobs easy to tackle

The extra cylinder gives the Quad pump outstanding cleaning power.

Easy to move and store
The extending handle and large diameter wheels give great mobility around the home whilst the lower handle is useful for lifting when storing or transporting in a car.

Built to last
The new Quad pump is also more durable. The accessories all feature high quality brass nozzles, again for durability and reliability. The **AdvancedAquatak 160** also features a high value steel armed hose for even greater puncture resistance.

AdvancedAquatak

Featuring a powerful, new Quad pump, the **AdvancedAquatak 150 and 160** are designed for high performance cleaning around the home. Both are fully equipped with cleaning accessories designed for a wide range of tougher tasks including larger vehicles and dirty stonework. With storage for all accessories, both models are also compact and extremely practical with larger wheels and an extending handle for easy transportation and storage.

Suitable for	Keo Isio ASB 10,8 LI Set AGS 7,2 LI All AHS models	All products

Smart Lithium-Ion technology

Powered by Bosch.

Cordless tools from Bosch always draw the optimum amount of energy according to demand thanks to their intelligent electronic control system. The result: more power and greater endurance. The latest generation of Lithium-Ion technology from Bosch – developed with the experience of 10 years of Bosch battery research.

Lithium-Ion

Bosch Syneon Chip

Intelligently controlled energy for every project.

Bosch's innovative Syneon Chip technology forms part of a unique electronic control system that efficiently manages the co-ordination of battery, motor and gears within your tool. At the same time, it automatically ensures compliance with the current and voltage limits so that even on the most demanding tasks, overheating is prevented; prolonging the lifetime of your tool. This intelligent Syneon Chip delivers the perfect amount of energy required for your project and can be found in all Bosch cordless Lithium-Ion 12 V, 18 V and 36 V DIY products.

Bosch Cordless Systems

Interchangeable batteries with Lithium-Ion technology.

Powerful 36 volts, robust 18 volts or compact 12 volts. Our cordless Lithium-Ion systems featuring our innovative Syneon Chip technology are the smartest way to stay charged when working on a variety of DIY tasks. All you need is a single battery within each voltage category, and one charging unit, and then you can power any battery-operated tool within that voltage group. And there's more: you can expand your toolbox at any time without having to buy new charging equipment – which ultimately saves you money.

Compact, Flexible, Clever

One 12 volt battery for all tools!

Now you can put an end once and for all to batteries and chargers that do not fit together, and only cost money and take up space unnecessarily. In the Power4All systems from Bosch, one battery and one charger can be used for all tools!

12 volts family for garden baretool range

EasyGrassCut 12-230 Baretool

Part No. 0 600 8A8 106

EAN code. 3165140.882286

Powerful, flexible, clever

One 18 volt battery for all tools!

Now you can put an end once and for all to batteries and chargers that do not fit together, and only cost money and take up space unnecessarily. In the Power4All systems from Bosch, one battery and one charger can be used for all tools!

Lithium-Ion Powered by Bosch

36 Volt

For greater power

Delivering greater power with zero emissions, the 36 volt range provides a real battery alternative to petrol and electric garden tools. With longer run times between charges, no extension leads, fumes, petrol or pull cords to worry about, Bosch's 36 volt Lithium-Ion technology really delivers. Providing optimum power at all times without any gradual power loss, the range offers a level of performance not traditionally associated with products of a similar size and weight. These Lithium-Ion tools include Bosch Syneon Chip which provides just the right amount of energy required for your project, delivering optimum power and maximum endurance.

Always be one step ahead with Bosch

Leading technology that supports your everyday gardening tasks

Bosch is always developing new products that are tailored to better meet the needs of gardeners. We make everyday gardening tasks easier and more convenient.

This is just a small selection of our leading technologies. If you'd like to see additional information, please visit www.bosch-garden.com.

“Syneon Chip”

Syneon Chip intelligently controls the energy required by your tool for the task at hand. Therefore increasing efficiency of the battery and delivering optimum power and maximum endurance.

QUICK CUT

“Quick-Cut”

Quick-Cut technology ensures that hedgecutter blades stay open for longer, providing an extremely efficient cut - the perfect cut in one clean sweep.

POWERDRIVE MOTOR

“Powerdrive Motor”

The innovative reduction gear unit converts the high speed of the motor into enormous power. If it is slowed down by resistance, the torque automatically increases and the motor continues to work powerfully, even under difficult conditions and high load.

ANTI-BLOCKING-SYSTEM

Electronic “Anti-Blocking System”

If a thick branch cannot be cut through immediately, the innovative micro-electronics detect this and instantly adjust the running direction of the blades to continue cutting powerfully through wood where other tools would stall.

GRASSCOMBS

Grass Combs

Wider than the front wheels of the lawnmower, the grass combs enable cutting of grass growing close to the edge due to their special design.

LEAF COLLECT

LeafCollect

The cutting blade equipped with the additional LeafCollect edges unique to Bosch allow you to collect autumn leaves from your lawn quickly and easily.

TURBINE-CUT SYSTEM

Effective “Turbine-Cut System”

This turbine cutting mechanism makes it possible to shred greenery and hard wood together. 8 rotating blades in conjunction with the hopper design enable optimum automatic feed and extremely fast material throughput of up to 230 kg/h.

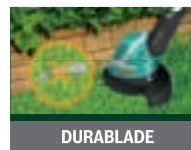

Lithium - Ion Technology

Lithium - Ion Technology provides optimum power with maximum endurance where it is needed. It ensures no memory effect, no power drop, minimal self-discharge and quick charging.

“Logicut”

Using the intelligent “Logicut” navigation system the Indego robotic lawnmower calculates an efficient cutting route and mows in clean, parallel lines.

DURABLADE

“Durablade System”

The innovative cutting system Durablade lasts up to 12 times longer than previous blades in all cutting conditions. For uninterrupted use and perfect results.

“Ergoflex System”

Most Rotak mowers benefit from the “Ergoflex System”, offering ergonomically designed and adjustable handles to improve body posture and reduce muscle strain whilst mowing the lawn.

The AGR quality cachet

The “Ergoflex System” is approved by the renowned German institution AGR which promotes research into the prevention of spinal problems.

JET-COLLECT SYSTEM

“Jet-Collect System”

The innovative drum with stainless steel blades or spring steel tines and airflow inlets completely removes thatch, moss and weeds. The shredded waste is pressed into the collection box by a powerful airflow that prevents clogging.

Compact, flexible, clever

It's one for all with Power4All. Be it 10.8 volt, 12 volt or 18 volt: A single battery works for all tools in its system and is changed in no time.

MyBosch
3 years warranty

MyBosch

Welcome to ‘MyBosch’, a DIY portal designed to provide the best-in-class service and inspiration for your current and future DIY projects. Here you can find a vast range of exclusive benefits, services and information to fit your needs.

Extended 3 Year Warranty

Claim an extended 3 year warranty simply by registering your Bosch home and garden tools online. Simply visit www.MyBosch-Tools.com

My workshop

Create your own tool list, take advantage of inspirational workshops and benefit from exclusive additional services such as advice from Bosch experts.

Service and Support

Register your Bosch tools and benefit from easy repair service handling.

Bosch
5 day service

Tel: 0344 736 0109
