20 years of ONE+ Innovation

Celebrate the 20th Anniversary of the Ryobi ONE+ System.

An industry breakthrough that has stood the test of time, ONE+ meant a variety of different tools could all share the same battery. That hasn't changed. In fact, the ONE+ tools you bought back then are not only compatible with the cutting edge ONE+ batteries of today, but thanks to our Lithium+ technology, they will actually work even better than ever. So, dig out that old drill or sander, upgrade the battery and re-discover the incredible power and versatility of the Ryobi ONE+ range that now features over 40 tools for the home and garden.

Wish Ryobi a Happy Anniversary using **#20yearsONEsystem**

5.0Ah

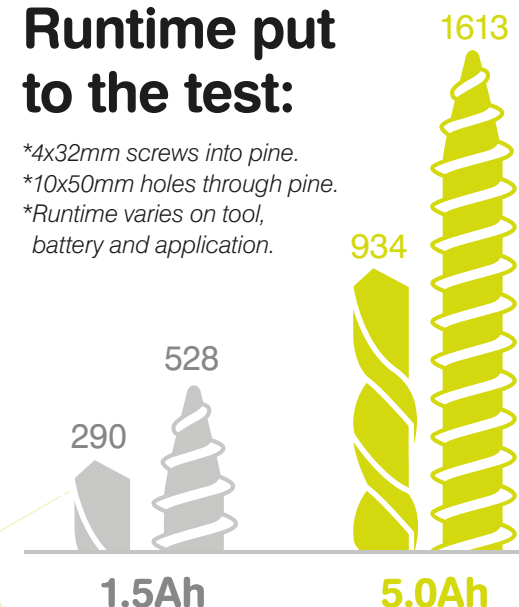

NEW

Introducing the DIY market's first **5.0Ah battery**.

The **NEW** 5.0Ah battery offers you the longest runtime in the DIY market. DIY'ers can now work for longer without the need to recharge their battery!

Runtime put to the test:

*4x32mm screws into pine.
*10x50mm holes through pine.
*Runtime varies on tool, battery and application.

Upgrade to the 5.0Ah battery.

Drill 600+ more holes.*

Drive 1,000+ more screws.*

*On a single charge when compared to the 1.5Ah battery.

Get 3x more work done
with a 5.0Ah battery vs the 1.5Ah battery.

Power over 40 different power and garden tools with the same Lithium+ battery. Lithium+ instantly upgrades your ONE+ tool.

New for 2016

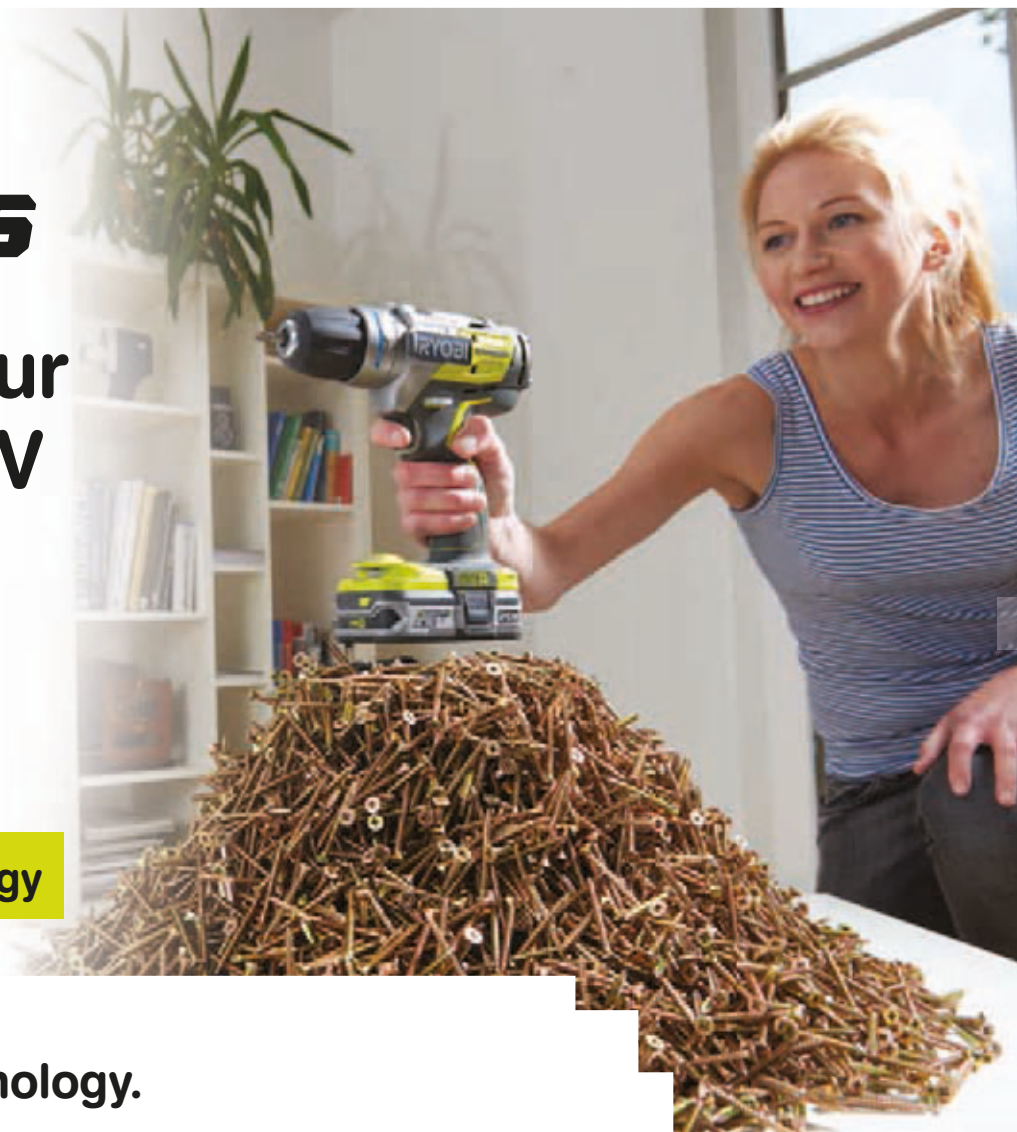

BRUSHLESS

Introducing our best **ONE+** 18V drill ever.

40% more run-time

20% more power

with Brushless Technology

Innovative motor technology.

Ryobi's Brushless Technology uses patented electronics to control a compact but powerful motor.

These advanced electronics constantly monitor and fine tune the performance of the motor to the application, providing higher sustained torque levels to drill faster and optimised power usage for increased run-time. Precise computerised control of the motor delivers huge run-time and performance benefits.

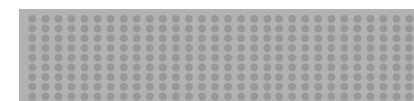

e.TORQUE
ELECTRONIC TORQUE CONTROL

Electronic Torque control allows you to limit the power of the drill to avoid driving screws too far into the work piece or stripping screw heads. This innovative control system has 10 settings in each gear, and a neat memory feature to help you find your last used setting.

Powered by **Lithium+ 18V** batteries.

Created with our best ever technology that gives you more power and longer run-time than ever before.

Up to 40% more run-time.*

Nail that fixing job!

Cordless nailers make projects like installing moulding and overhead framing easier and quicker by eliminating the need to hammer by hand. With Ryobi's brad nailer and finish nailer, you will have every fixing job covered.

+ Don't get tied down
Enjoy the freedom of cordless. With no bulky air hose to worry about you can move freely and have unlimited range, even in places where swinging a hammer would be virtually impossible.

+ Safety first
Safe to use on ladders and scaffolding where there is no chance to get caught up in the air hose.

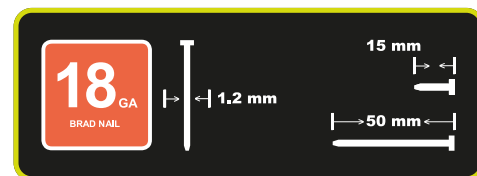

+ ONE+ System
As part of the ONE+ System, you can use the same Lithium+ battery to power a range of different power and garden tools.

+ A nailer for every job
The Brad Nailer and Finish nailer are designed to take different sizes of nails for different applications

Your guide to choosing the right nails

Brad nails

Ideal for fixing wood without the need for screws, pre-drilling or glue. Also great for furniture making

Finish nails

The Finish nailer is ideal for fixing skirting, coving and larger materials using a slightly larger nail size
