

ROLLER STAND

NEW

Adjustable roller stand for supporting materials on machines ensuring the work stays level with the table for safe cutting without the work tipping or binding.

- Ball bearing roller allows work to be easily pulled onto the bed of the machine.
- Free running action for easy movement of materials.
- Keeps both hands free to control the machinery safely.
- Prevents the work from binding or tipping as the cut is made.
- Allows longer stock to be easily handled by one person.
- Ideal for infeed and outfeed support on crosscut applications or as a take-off support for ripping and planing work.
- Increases efficiency and productivity.
- Can be used on commercial saw stands.

R/STAND/A £54.95
