Wear a breathing mask

Wear protective clothing

1. SAFETY

- ✓ Be aware of the safety requirements for the fluids contained in the vessel, and wear personal protective equipment appropriate to those fluids.
- ✓ Read and follow all the fluid manufacturers instructions for application and safe use.
- ✓ Label vessel with chemical used, even if water. It is recommended that individual vessels should be used for individual chemicals. Cross contamination can give unexpected results.
- x **DO NOT** spray at people, animals or protected insect species.
- x **DO NOT** spray in high winds, at naked flames or sources of heat.
- x **DO NOT** use the pressure sprayer for any purpose other than for which it is designed.
- x **DO NOT** use whilst eating, drinking, smoking; under the influence of drugs, alcohol, intoxicating medication, or if fatigued.
- x **DO NOT** allow children to use the sprayer without supervision.

2. INTRODUCTION

Premium quality 1 litre hand pump sprayer. Manufactured for use with most oils, weed killers, brake cleaners and solvents. Safety valve with depressurization option. Wide filling mouth (60mm) for easy refilling and reduced spillage. Translucent tank allows easy measurement of contents using the side level indicator. Supplied with adjustable 'cone' nozzle, allowing easy and precise application of liquid. Robust composite construction, with ergonomic pump and handle.

3. SPECIFICATION

Model No: **SCSG06**
 Working Capacity: 1ltr
 Total Capacity: 1.5ltr

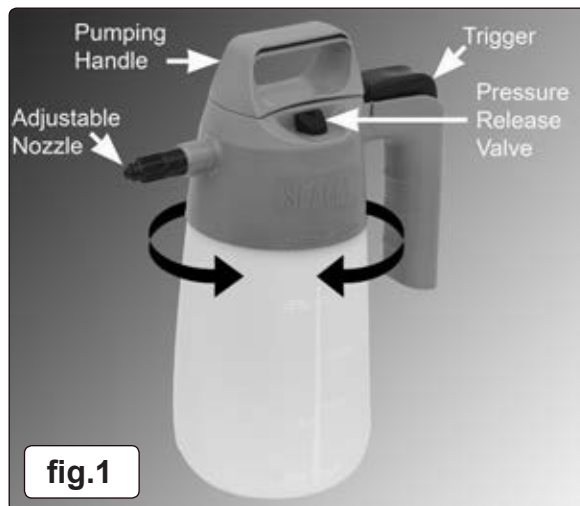

fig.1

4. OPERATION

- 4.1. Grip the handle and rotate the vessel to separate (fig.1).
- 4.2. Fill to a maximum of 1ltr (observe the graduated scale moulded into the vessel).
- 4.3. Re-attach vessel keeping vertical, rotate until hand tight against neck seal. Pressurise unit by operating pressure pump handle until the pressure relief valve starts to blow.
- 4.4. Press the trigger to spray.
- 4.5. The spray pattern may be changed by rotating the adjustable nozzle.
- 4.6. After use, or before removing vessel, lift the pressure relief valve to vent the pressure.

5. MAINTENANCE

- 5.1. After use, vent the pressure (see section 4.6.).
- 5.2. If the fan nozzle becomes blocked, remove and rinse out with water. **DO NOT** use a metal object to clear.
- 5.3. Apply a little light oil to the pump stem periodically.
- 5.4. Clean the sprayer with a damp cloth: **DO NOT** use abrasive or solvent cleaners.
- 5.5. When not in use, store in a cool, dry, childproof location.

ENVIRONMENT PROTECTION

Recycle unwanted materials instead of disposing of them as waste. All tools, accessories and packaging should be sorted, taken to a recycling centre and disposed of in a manner which is compatible with the environment. When the product becomes completely unserviceable and requires disposal, drain any fluids (if applicable) into approved containers and dispose of the product and fluids according to local regulations.

Note: It is our policy to continually improve products and as such we reserve the right to alter data, specifications and component parts without prior notice.

Important: No Liability is accepted for incorrect use of this product.

Warranty: Guarantee is 12 months from purchase date, proof of which is required for any claim.
