3

4. Fix the sink on the table very right. After the glue solidify, sink installation is finish.

### Instructions

For everyday cleaning of sink, use household detergents which suitable for stainless steel sink.

After each use, rinse the sink with warm water then wipe with a soft dry cloth.

### Warning!

- Do not use wire wool.
- Do not use chemical, bleaches or detergents containing chlorine or any of its derivatives.
- New house need often to open windows. If sinks contact with corrosive, acidic air or material, rust can be caused very fast. Rinse, wipe and make it dry always.
- Avoid scraping the sink basin or draining board with utensils.
- Avoid dropping heavy or sharp objects onto the sink surface.
