Before you start

- Check the pack and make sure that you have all parts listed above. If not contact your local store who will be able to help you.
- When you are ready to start, make sure that you have the right tools on hand, plenty of space and a clean dry area for furniture assembly
- We do not recommend the use of power screwdrivers for the assembly of this product.
- Always ensure that screws locate exactly into pre-drilled pilot holes.
- To assist alignment in assembling parts it is often best to leave screw fastenings loose by a few turns and apply a final tighten to all on completion.
- Take care not to overtighten any of the screws.
- Failure to follow these instructions may result in injury, damage to the product and your property.

Safety

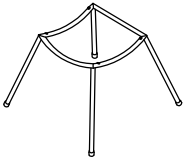

- For Indoor use only
- Some parts could be hazardous to small children.
- Do not let children play with this product.
- Always use on a firm level surface ensuring that the legs remain in even contact with the ground.
- Self-assembly is required. Follow the assembly steps in this manual.
- If you are in any doubt as to how to assemble this product, consult a technically competent person.
- Always ensure the product is securely fitted before use.
- Keep weight evenly distributed - DO NOT TILT or ROCK the seat.
- The seat is validated to accommodate occupant loads to 110kg.
- Never stand on the seat or use any part as a step. This can cause damage and risks serious injury.
- Do not use if the seat is damaged or deformed.
- Check the security of fixings periodically. If you have any doubts about the seat's safety, stop using it immediately.
- This seat must be assembled by a suitably competent person.
