Karl-Johan Table Lamp

Signe Hytte

Inspired by autumn days spent hunting for mushrooms; it is only appropriate to extend the Karl-Johan series into the darkest parts of the home. A simple support in black stained or smoked oak allows the curved glass form to bounce a soft light around the room. The Karl-Johan Wall Lamp demands you to curl up with a book, spending those growing evenings beside a comforting illumination.

About the designer Signe Hytte

Signe is a young danish designer. She grew up among Scandinavian design icons, and that heritage serves as a foundation for her work, where she also aims to spice things up with inspiration from other places in the world.

Simplicity is of course a core theme for Signe, when you think of her background, but attention to details is just as important for her.
